

Welcome to StitchesOS (a debian ReSpin)

Iván Arizpe Dueñas

July 21, 2021

1 Welcome to StitchesOS

Stitches is a debian ReSpin made for or own usage (feel free to send recomendations). The project is currently sitting on a Bullseye 11 base with the minimum add-ons as we may need.

2 Keybinds

When we say mod4 we mean the Windows key

1. Mod4 p, Dmenu (Program search)
2. Mod4 w, decrease gaps -5
3. Mod4 d, increase gaps, +5
